A company conceived on a very simple concept, offer the customer the best possible product, for the best possible price while providing the best possible service. With 10 years of experience in the door and hardware industry we are old enough to know what we're doing but young enough to be relative. Innovation is key in our business model we are continually searching for new technology to better serve the customer. We are not just a website either Brooklyn doors and hardware operates a brick and mortar showroom displaying hundreds of door and hardware models at

We carry a vast and extensive range of interior doors and exterior doors of all types and brands. These are doors that are acquired from all over the world, chosen only if they fit within our standards of quality. Additionally, as the name suggests, we also have a range of cabinet hardware along with doors. This hardware is also based on high-quality standards.

A Diverse Line of Doors and Hardware

Brooklyn doors and hardware displays a curated collection of the finest door and hardware brands in all pricing categories. We believe that a great product does not have to carry a great price tag and our goal is to offer amazing value in our products.

Thank you for giving us the opportunity to serve your door and hardware needs.
